Tax Exemptions To Municipalities Suggested By Liberal Candidate

J. M. DECHENE, M.P.

Mr. J. M. Dechene, seeking re-election as Federal Member for the Athabasca Constituency, on Sunday afternoon opened his campaign by addressing a well attended meeting in Lafond. He reviewed the record of the St. Laurent administration and referred to his own services on behalf of the people of Athabasca since 1940. He urged all his listeners to avoid over-confidence and to leave no stone unturned to make sure that the large Liberal vote, which is evident in this Constituency, will be reflected at the polls on August 10.

Mr. Dechene commented on one of the resolutions passed at the Athabasca convention on June 20, the terms of which are as follows:

"The large number of Liberal delegates attending this convention for the Federal Constituency of Athabasca believe that they represent the unanimous opinion of the rural Municipal, District and School Divisions of Athabasca when they declare that no form of taxation, customs or otherwise should be assessed against all machinery, implements, or vehicles required by these municipal and school division organizations."

Mr. Dechene stressed the importance of the exemption of taxes to the Municipal and School administrations in the Constituency and expressed his confidence that with the return of a Liberal Government he would be able to obtain this concession.

Government Rejects All Tenders For Oil Sands Plant

McMURRAY—It was announced in Edmonton by Premier Manning last week that all tenders for the purchase of the Alberta government's bituminous sands, extraction plant, about 300 miles northeast of Edmonton, and the lease of 5,874 acres in the oilsands region, have been rejected.

Mr. Manning did not state the number of tenders received, nor did he say what steps the government will take now.

Both the sale of the plant and the lease of the oil sands were offered in a package deal. Offers to obtain them separately were not considered.

The oil reserves of the bituminous sands, reputed to be the world's largest untapped oil source, are estimated at 250,000,000,000 barrels.

Informed sources said later that the provincial government now could sell the plant piecemeal, or through a private deal.

AURORA THEATRE

Lac la Biche Alberta
PRESENTS

Fri. and Sat., July 17-18

Saturday, July 25 Special Matinee for the Children. An all Cartoon Feature at 2:30 p.m.

Four Running In Athabasca Riding

A four-cornered race for the federal constituency of Athabasca in the forthcoming election was indicated with the announcement that the CCF were placing a nominee in the field.

Nominated at a convention held in the town of Athabasca last Saturday was Robert Philipzyk, a farmer and implement dealer in Athabasca. Mr. Philipzyk managed the CCF campaign in the last Provincial election.

Liberal, LPP and Social Credit candidates have already been named.

Lac la Biche News Briefs

Mr. and Mrs. B. Quinn and daughter Florence of Hammond, B.C., are visiting Mrs. Quinn's parents, Mr. and Mrs. J. Boyko.

Mr. and Mrs. B. Freeman have taken up residence in Lac la Biche. Mr. Freeman is associated with the Department of Lands and Forests, in the Forestry Division.

Mrs. J. Clarke and children are holidaying at Grande Prairie.

Lorne Evans is now on the staff with the Forestry Branch of the Department of Lands and Forests.

Mrs. F. Peressini has as guests her mother Mrs. J. E. Hamilton, and sister Miss Shirley Hamilton of Vancouver, formerly of Lac la Biche.

Miss Jean Amiot is now on the staff of the Treasury Branch.

Miss Olga Bakay is presently employed at the Imperial Bank.

F. McMillan, principal of Dr. Swift's School is spending the next six weeks at Red Deer where he will be teaching at the Composite High School.

It is nice for other people to go to church and that includes you.

JEAN PAUL ST. LAURENT, son of the Prime Minister, who will be visiting and speaking at meetings in the Boyle and Lac la Biche districts this coming week-end.

JEAN PAUL ST. LAURENT, SON OF PRIME MINISTER, TO VISIT DISTRICT

Campaigning on behalf of Liberal candidate J. R. Dechene in the Athabasca constituency, Jean Paul St. Laurent, son of Canada's Prime Minister will be in Lac la Biche Saturday of this week.

Like his illustrious father, Jean Paul is a fluent platform speaker in both French and English. He is well known to many in Northern Alberta, having campaigned here in 1949 during the federal election campaign of that year.

A meeting with party workers is scheduled in Lac la Biche Saturday afternoon with a general public meeting Saturday night. Plans for other meetings to be held later in the district will also likely be held during Mr. St. Laurent's visit in the Lac la Biche and Boyle districts.

Plamondon News Briefs

Mr. and Mrs. Meda Plamondon of Trail, B.C., formerly of Plamondon, were visiting their son, Mr. Bert Plamondon.

Mr. and Mrs. Alfred Richard and Mrs. Paul Plamondon of the U.S.A. were visiting at Plamondon.

Mrs. Lillian Johnson went for a trip to Peace River.

Mr. Edward Plamondon has installed complete modern plumbing in his restaurant. Mr. Joseph Gagnon is also having plumbing installed.

Mr. Alex Rowland of Lac la Biche, formerly of Plamondon, have moved to St. Albert.

Rev. Father A. Ricard and Father St. Arnaud have gone for a week's retreat in St. Paul.

Child Killed By Dad's Car

LAC LA BICHE, Alta. (BUR)—RCMP reported that a year-old boy, David Allan Coulture, was killed when his father's car ran over him at Imperial Mills, 40 miles northwest of Lac la Biche.

The tot was rushed to hospital in Lac la Biche but was pronounced dead on arrival by Dr. A. Brinsmeade, coroner.

The boy, son of Mr. and Mrs. Richard Coulture, received multiple chest and neck injuries. RCMP said he was hanging on to the door of his father's car, and as the vehicle was backed up, he fell under its wheels.

No inquest will be held.

Expect Close Contest Peace River Riding

EDMONTON—A closely contested race is expected in the Peace River riding in the forthcoming federal election where the sitting member, Social Credit Leader Solon Low is contesting his seat against Liberal C. B. Carignan, CCF'er Sam Simpson, and Labor Progressive Provincial Leader, Ben Swankey.

Seeking his third term, Solon Low will be running against the same Liberal opponent as in 1949, when he carried the riding by only 323 votes. Low had 7,727 and Carignan had 7,404.

Kikino News Briefs

Pte. Makokis and wife and family of Edmonton are down here visiting relatives and friends for a week or two.

Mrs. Archie Ladouceur who was in the San for a year in Edmonton is back home with her husband and family.

Miss G. Cardinal is back home from the hospital with a baby son born on June 24.

Mrs. Emma J. Lightening is the postmistress at Kikino now.

Mrs. Leo Thompson was a patient in the St. Catherine's hospital for a few days.

Marvin McGillivray of Edmonton is down here now to stay with his dad.

The MacDonald family is moving up to their new farm at Hylo.

having a bit more luck than they are, and when telling fish stories that they are mere figments of imagination rather than true.

Lac la Biche Fisherman's Luck

LAC LA BICHE—This might sound like a tall fish story but none-the-less is true. E. A. Jones of Lac la Biche and his helper Gordon Edmonton of Edmonton, had the misfortune last Monday to pull out of a gang of two nets 94 black ducks and 200 lbs. of suckers.

The lake is reputed to have fish in it but it's going to take strong convincing to have these two gentlemen believe anyone.

They're hoping that others are

LAC LA BICHE LIBERALS PLAN ASSOCIATION TO AID CAMPAIGN

The Liberal campaign in Athabasca gained momentum during last week as plans were laid for a rally to be held at Lac la Biche on July 18. It is intended to have an organization meeting in the afternoon attended by poll captains and representatives from approximately 24 polls surrounding Lac la Biche. At this meeting it is expected that the basis for a Lac la Biche Liberal Association will be formed which will take its part in the present election campaign and which will further Liberal thought in the future.

In the evening Mr. J. M. Dechene, Liberal candidate, and Mr. J. Harper Prowse, M.L.A., Alberta Liberal leader, will speak at a public meeting to be held in the Legion Hall.

Last week-end Mr. Dechene paid a flying visit to the northern polls of the Constituency. He visited McMurray and Waterways and went as far as Fort Chipewyan and Fort Fitzgerald. At Waterways Mr. Dechene commented on the Ottawa Government's participation in the oil sands development. He pointed out that Ottawa had spent a total of \$2,308,000.00 on this project, notwithstanding the fact that the development of natural resources is primarily a provincial responsibility. He suggested that if the Alberta Government would accept its duty in this regard, the extraction of oil would very soon be under way on a commercial basis, using the methods and formulas devised by the National Research Council and other Federal agencies.

Frains News Briefs

Andrew Kaydio is back home to spend summer holidays with his brother Mike. Andrew attended school in the city during the school months.

A church meeting was held in Frains school on July 5.

Mr. and Mrs. Albert Plachner were visiting with Mr. and Mrs. John Pfau during the week-end.

Ruth Budney was in the hospital to have her tonsils removed.

Mr. Joe Kuzik, Mrs. Kuzik and Steve were at Waskatanau visiting with their relatives. They were accompanied by Mr. and Mrs. Mike Chemzik from Donatville.

A large number of young people attended the shower party at Twin Spruce for Miss Jeanny Tymo. The wedding will take place at the bride's home on July 14.

Mrs. E. Sawchuk and family went for the summer holidays on the farm of Mr. and Mrs. Morozie of Blue Jay. Mr. and Mrs. Morozie are gone to Sask. to visit their relatives and friends.

Mr. and Mrs. Tomy Sawchuk and son Ronny were at Smoky Lake over the week-end.

Miss Olga Shyian from Ontario is visiting her brother and sister-in-law, Mr. and Mrs. John Shyian and family.

Miss Olga Strumelak from Edmonton was visiting with Mrs. E. Sawchuk and family and Edna Holowenko.

Mr. Mostowich from Edmonton is on his farm trying to do some breaking.

Mr. John Shyian had a bear visit his farm yard. He climbed up a tree to escape but was shot down.

Mr. Bill Nawrot was at Edmonton on a business trip. He bought himself 3 head of yearling calves to raise.

Mrs. Walter Nahorney, Donnie and Lawrence were at Lacombe during the week-end, attending the Seventh-Day Adventist camp meeting.

Grassland News Briefs

Mrs. Cecile Page, with her two boys, is staying at the home of Mrs. Lillian McKenzie. Other visitors to Grassland include Mr. and Mrs. Lionel Hurtubise of Moose Jaw, Mr. and Mrs. Fred Postoluk, and Mr. and Mrs. John Postoluk. Mrs. John Postoluk was the first district nurse in Grassland.

Mr. Don Corse is working at

SEALED TENDERS of the undersigned and endorsed "TENDER FOR FEDERAL PUBLIC BUILDING, ATHABASCA, ALBERTA", will be received in the office of the Secretary, until 3:00 p.m. E.D.S.T., WEDNESDAY, JULY 22, 1953.

Plans and specification can be seen and forms of tender obtained at the offices of the Chief Architect, Department of Public Works, Ottawa, Ontario, the District Architect, Public Building, Calgary, Alberta, at the Public Building, Edmonton, Alberta, and at the Post Office, Athabasca, Alberta.

Tenders will not be considered unless made on these forms and in accordance with the conditions set forth therein. Each tender must be accompanied by a certified cheque on a chartered bank in Canada, payable to the order of the Minister of Public Works, or Beare-Bonds as specified in the form of tender, for 10% of the amount of the tender.

The Department, through the office of the District Architect, Public Building, Calgary, Alberta, will supply blue-prints and specification of the work on deposit of a sum of \$100.00 in the form of a certified bank cheque payable to the order of the Minister of Public Works. The deposit will be released on return of the blue-prints and specification within a month from the date of reception of tenders. If not returned within that period the deposit will be forfeited.

ROBERT FORTIER,
Acting Secretary.

Charron News Briefs

Mr. Roland Gauthier has purchased a new 1-ton truck.

The Charron girls' softball team took first prize at the Lac la Biche sports day. They defeated Lac la Biche 5-6.

There was an error in a previous issue of Charron news. Mr. Lyle Steed has purchased Mr. Richard La Bonte's farm instead of Mr. Peter Gaberel. However Mr. Gaberel has moved into the house, and will reside there now.

Mr. Howard Murray and his brother Earl of Boyle are digging wells in Charron or maybe we should say dry holes as water seems hard to reach at most places.

Mr. and Mrs. Holst of Boyle came out to visit Bill and family recently.

Mrs. Nick Shapka attended her aunt's funeral at Lethbridge, recently. She went by bus to Edmonton and there joined her brother and family and they motored to Lethbridge.

Mr. Peter Shapka had a new paint job on his car. It now is navy and grey.

Mr. John Eliac is remodelling his house and is having running water installed.

Mr. and Mrs. Abraham St. Jean motored to Boyle and had the first check-up on their new truck.

Mr. Bill Makar is building a new house. Mr. Alphonse Langevin is helping him.

Mrs. Bruce Goonan spent a few days in Charron visiting her mother, Mrs. Jacob Shapka.

Mr. Sandy Karpetz and Jacob

Colinton News Briefs

There will be whist and bingo in Atlanta school on July 17, commencing at 8:30 p.m. Proceeds are for the Roman Catholic church.

Mr. and Mrs. David Hay and Mr. and Mrs. N. O. Jack have relatives from New York, U.S.A., visiting for the summer months.

Mrs. Ab Mitchell and daughters from Waterways are visiting Mrs. Charles Maiera.

Mr. and Mrs. Pete Hayward had Mr. Hayward's brother and family from Winnipeg, Man., as their guests last week.

Mr. and Mrs. Charles Band left last week for a holiday to the west coast.

Mrs. Staniford visited her daughter, Mrs. B. Walters at Whitecourt.

The paint job in the Anglican church property is nearing completion and is a marked improvement.

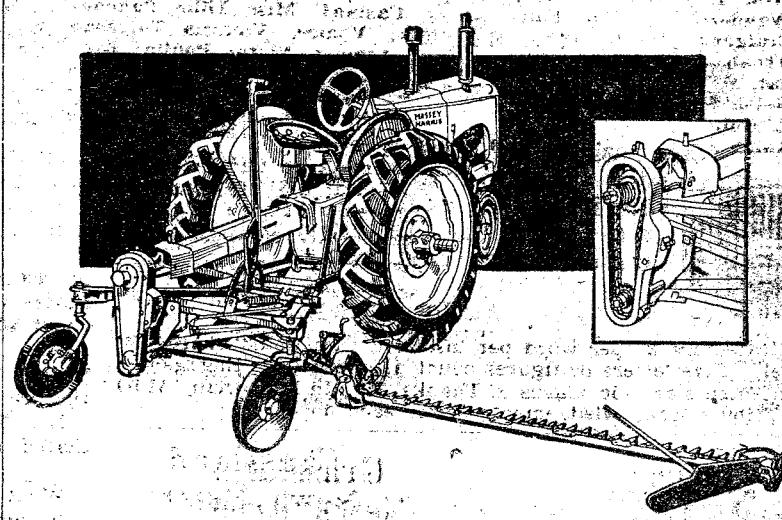

Shapka made a business trip to the city. Mr. and Mrs. Bill Makar also made a quick trip to the city.

Oil Prospects For Lac la Biche District

LAC LA BICHE — A wildcat well located some 16 miles south-east of Lac la Biche shows promising returns. The drill stem tests have given up a small flow of natural gas and some oil-flecked mud. The well is being drilled by Scurry Oils Ltd. of Banff.

Should this well come in strongly, and success is obtained with other wells in the vicinity, it could

well be that Lac la Biche would develop into another Alberta Oil Centre. A wealthy man is usually blessed with an ample number of poor relatives.

MASSEY-HARRIS No. 6 SEMI-MOUNTED MOWER

For use with a tractor, this semi-mounted Mower offers special advantages in flexibility and convenience of operation. Speeds up your hay cutting... helps you increase your hay crop profits. It is simple and easy to attach, and is driven from the power take-off shaft by means of a heavy roller chain and sprocket.

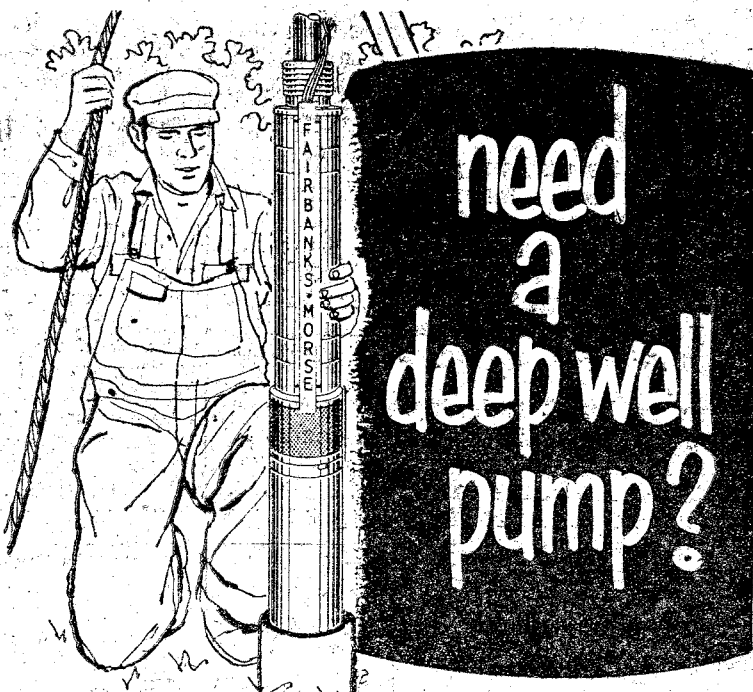

The 2-wheel design of the Massey-Harris provides the utmost in manoeuvrability.

EDITORIALS

The Westward Trek

If any proof were required of the difficulty of life in the Soviet "Utopia," even before the recent labor revolts in Germany, Poland and Czechoslovakia it should have been evident in a study of the Flight of the Refugees.

Every day, residents of Russian occupied Germany risk life and limb to gain freedom on this side of the iron curtain. A large proportion flee into the French, British and American sectors of Berlin. And each new arrival brings an added burden to those whose problem is to care for these people.

The most efficient thing to do would be to quickly transport these misplaced persons to the countries such as Canada and Australia that are taking in immigrants. But that wouldn't be fair to the thousands in other parts of Western Europe who aren't refugees but still have waited a long time to get immigrant visas.

It would, however, be a powerful propaganda weapon to see that every refugee is given top priority. Once the news got through the Iron Curtain that a flight to freedom meant surety of a new life in a new land there would be even more discontent with the Communist system.

Canada could solve the Berlin refugee problem by making special arrangements to accommodate more of these courageous people in our immigration programs.

Ticket To Toronto—\$10.00

Every summer there is a shortage of farm workers on Ontario farms. In the fall the western provinces suffer from acute shortage of labor.

The Department of Labor at Ottawa, in co-operation with the Government of the Provinces concerned, does everything in its power to alleviate the situation. During the summer months starting the Dominion Government pays a portion of the fares for farm workers from Western Canada going to work on farms in Ontario, providing that these farm workers come back to Western Canada before August 30.

Anyone interested in going to Ontario this summer can obtain all information from the District Agriculturist of the National Employment Office. All that the farm worker has to pay on his fare to Toronto is \$10.00 and \$11.50 to return! There is surely no better way to make a trip east and earn good summer wages at the same time!

Wages paid in Ontario during the haying season are about \$85 per month including food and lodging.

Agricultural officials in both Ontario and Alberta hope that Alberta farm workers who can get away for six weeks, will take advantage of this offer. Ontario needs the help now; we'll need it in September. The Alberta farmer is always glad to see a few Easterners drifting in when the harvest season here gets into full swing, and its just a matter now of Alberta farm workers taking the first step in the exchange between the western and eastern provinces.

Note and Comment

In Italy the excessive moisture from the showers lately has caused much concern among the farmers there as the crops are late. The wheat crop which should start in the Po Valley has had insufficient sunshine. The early crops such as the horse bean, barley and oat crops may have also suffered from too much rain. A labor shortage to transplant the rice, which will have to be planted simultaneously as the harvesting of the wheat crop proceeds, is also a difficulty which will have to be overcome somehow.

In France this year's probable wheat crop out-turn has been officially estimated at 297,996,000 bushels, as against 309,213,000 bushels last year. If favourable weather prevails it is likely that the crop will be slightly larger.

Bible Today

Some therefore cried one thing, and some another: for the assembly was confused; and the more part knew not wherefore they were come together. The Act, XIX, 32.

Can We Save a Half Billion

In Taxes

By PETE GABLE

Conservative Leader George Drew's promise to reduce federal taxation by \$500 millions during his first year in office is receiving close scrutiny at Ottawa.

Mr. Drew has suggested he can save about \$200 millions in governmental economies and another \$300 millions by elimination of budget surpluses.

Most government spokesmen have pointed out that if any tax reduction could be made they would obviously have been made by the present administration, and that taxes have actually been cut in the past two years by slightly more than \$500 millions.

But perhaps the most convincing reply has come from the man who knows most about taxes—Finance Minister Douglas Abbott.

Mr. Abbott points out that the area in which Mr. Drew can bring about his tax reduction comprises \$661 millions or about 14.2 per cent of federal expenditures. All other government outlays are for such essential items as defence, social security, debt charge, provincial taxation agreement, operating costs of Parliament, the Post Office and the revenue collecting agencies.

Even the \$661 millions, Mr. Abbott says, includes many welfare and subsidy payments which a Conservative government would find it difficult to eliminate. Here are some examples of these items:

Feed grain assistance	\$20,000,000
Hog premiums	6,000,000
Agricultural Price Support	30,000,000
Colombo Plan, etc.	26,000,000
University grants	5,000,000
Coal subventions	6,500,000
Gold Mining Assistance	11,000,000
National Research and Atomic Energy program	30,000,000
Trans-Canada Highway	13,000,000
Maritime Freight subsidy	10,000,000
Ship and Ferry subsidies	7,000,000
Other	2,500,000
Total	\$167,000,000

Assuming Mr. Drew would not wish to reduce any of these items totalling \$167 millions—and he has not suggested he would—the remaining "controllable" expenditures by the federal government leave no room for the promised \$200 million reduction.

What about the other \$300 millions?

Mr. Drew says he would save this by making more accurate forecasts of revenues and expenditures—that is, by ending up each year with a balanced or deficit budget and no surplus.

"He won't find much that way," says Mr. Abbott. "Last year, for example, revenues were 1.9 per cent, and expenditures 1.6 per cent more than forecast. It would be impossible to budget more closely."

In any event, last year's surplus was \$24 millions, not the \$300 millions Mr. Drew is seeking.

Actually, Canadians have already had a half-billion dollar tax cut from the present government. Mr. Abbott's last two budgets have brought total reductions of \$507 millions, the latest of which went into effect on July 1 pay cheques across the country.

And the Finance Minister says he has every hope that further cuts can be made in future budgets, their amount and timing depending of course, on an easing-off of international tension and on continued increases in national production.

"It would be foolish," Mr. Abbott says in his reply to Mr. Drew, "to promise tax cuts before either of these factors develop."

There is only one other way taxes can be reduced incidentally, and that is to budget for a deficit, borrowing money each year to balance the national accounts. This merely postpones the evil day when the bills must be paid—and in effect asks Canadians to sanction taxes today which must be met by their children tomorrow.

The Conservatives' \$500-million tax cut is even less realistic, Ottawa experts agree, in the face of other planks in the party platform. Among other things, Mr. Drew has promised such costly items as new sales and excise tax exemptions; higher agricultural floor prices; extended Unemployment Insurance benefits; further housing subsidies; and a wide variety of costly new public works projects.

These promises, which any political party would like to carry out—and which indeed may be carried out by the present government—can scarcely be implemented simultaneously with another and immediate half-billion dollar tax reduction.

Men Of Valor

General Robert E. Lee was a brave soldier and yet more valiant in the hour of defeat. He was a renowned figure with a long line of famous forebears, a man of unsurpassed reputation. Yet he had to yield his sword to General Grant. As he rode away from the act of surrender, his stature increased to the hour of his death. He became the mightiest force for reconciliation in all the South. His own magnanimity and forgiving spirit loomed as an example for all.

Edmonton.

VOIVER.

WANTS TOWN-COUNTRY PARTNERSHIP

Dear Sirs—It has always seemed to me that the small farming community town and the farmer should work as a partnership; the town is a convenience to the farmer and the farmer's business makes the town possible but it often seems more like war.

As an example, when our local creamery tore off the May page of the calendar they at once and against any reason dropped all eggs received to grade B and lower thus depriving us of all benefit of the badly needed rise in price. It is absolutely impossible during an extra cool June, that all eggs really did drop in grade. We are not all novices, we know how to handle eggs. We know they must never show a natural healthy yellow yoke but no amount of work is of any use.

I simply cannot understand how even the most greedy and unreasonable town business cannot see that a farmer forced out of business is as useful to him as the dead goose that had been laying golden eggs was to her clever master.

A.M.M.

NUDE STATUES

This is a protest against nudity whether on the beach, street or in art of any kind. I understand the Metropolitan Art Museum in New York has recently acquired a new, undraped statue of Venus. Shame on them! Nude statues are degenerate and not fit to look at.

TRUE ART LOVER.

Falher.

REPROVING ALL PRUDES

This is in reply to the Voicer who objected to the new statue of Venus just acquired by the Metropolitan Art Museum, and who claims "nude statues are degenerate and not fit to look at." Poor soul; I feel sorry for him. Does he not know that it says in the story of creation, "And God created man in His own image"? There is nothing more beautiful than the perfect body of a young human being, either male or female. Why does he consider it degenerate to look at God's own image?

CARL A. MOELLER.

MOON TICKETS NO GOOD?

I read of rocket ships planning to go to the moon, but I say it just can't be done and never will be done. No rocket, jet or balloon can do it. This is a man-made world, and any ship we send up will always land somewhere on this earth, not on any moon or planet. So all you people who are planning a moon trip, just forget it.

SENSIBLE.

THE CIVIL SERVICE

There is a lot of talk about getting more efficiency in Government service. But, as an experienced civil servant myself, I say efficiency can never be expected under the present system. Visit any installation and you will find 70 per cent loafers who have been enjoying a soft racket for the past 20 years. These "permanent status" people work as little as possible, couldn't care less, and cannot be dismissed for anything less than treason. Why do I write this? Because I am thoroughly disgusted at seeing the taxpayers' money go down the drain under this palsy-walsy system.

Name Withheld.

Favorite RECIPE

TOMATO SOUP CAKE

(Eggless)

2 cups sifted cake flour
2 tps. baking powder
1/2 tsp. salt
1 tsp. cinnamon
1/2 tsp. cloves
1/2 tsp. nutmeg
Sift above together.
1/2 cup butter
1 cup sugar
Cream butter and sugar and add to them 1 cup of tomato soup, (preferably Campbell's Tomato Soup) in which 1 tsp. of baking soda has been dissolved. Add dry ingredients and beat thoroughly. Add 1/2 cup glazed cherries and 1/2 cup sultana raisins. Bake at 325 degrees for 1 hour.
Ice with orange icing.
Mrs. N. A. Melnyk of Box 139, Andrew, received \$1.00 for this week's FAVORITE RECIPE.

LETTER TO LOUISA

Wife Who Deserts Husband And Children Refuses To Return Home

DEAR LOUISA: My wife has deserted her home, her husband and her children for the second time in 12 months. We have eight dear children, aged from 1 1/2 years to 11 years. She writes me as though she longs for the children and wants to come back but she doesn't do it. She is too interested in other men and during the past three months has kept herself at some secret place where she has a job. It seems impossible to live with her without her co-operation. What should I do?

VERY UNDECIDED.

ANSWER: As it seems impossible for you to arrange for your wife to return to your home and make a home for you and the children, you should plan your life and that of your family without her.

If you are able to engage a full-time housekeeper to look after your children you should do so. Hire a matronly, motherly type of woman who will take loving care of your children, and teach them to respect the good and Christian motives of life.

If for financial or other reasons you are unable to hire a full-time housekeeper you should discuss the problem with the Children's Aid Society. They can make arrangements to have the children placed in good homes and leave you free to work at the important job of making a living for yourself and your children.

Some day your wife will get tired of running around the country and will want to come back home and take on the responsibility

ties of wife and mother. Then your family can be happily re-united as it should be.

LOUISA

Portrait Of Famous Missionary Received By Church

EDMONTON — Famous Roman Catholic missionary, Father Lacombe whose work and influence were a great contribution to the peaceful growth of the Canadian west will have his memory honored anew at his shrine in St. Albert.

Archbishop J. H. MacDonald of Edmonton accepted on behalf of the church in Alberta an oil painting of the late missionary who died in 1916 in his 89th year.

The picture was a gift of the Donald Cromie family of Vancouver, who were persuaded to make the gift by Hon. W. C. Woodward, former lieutenant-governor of B.C. and president of Woodward's stores. The picture was presented by T. K. Campbell, manager of the Edmonton store, at a luncheon at the Macdonald Hotel recently.

The portrait was painted by the late V. A. Long in 1916, the year of Father Lacombe's death.

SUMMER FIELD DAYS AND FAIRS

The season of agricultural Field Days and Fairs is with us again. These summer events provide an opportunity for farmers to secure the latest and best information available on new farm practices, new crop varieties, and new methods of controlling weeds, plant diseases and insect pests.

Field Days. During the next few months a number of Field Days on special farm topics will be held at the various Experimental Farms and Illustration Stations throughout the Prairie Provinces. Short Courses and Field Days will also be conducted at the provincial Schools of Agriculture. In addition, the provincial Departments of Agriculture will hold numerous Field Days and Demonstrations. The common aim of all these events is, through field trips and demonstrations, to promote new, sound farm practices leading toward the solution of major crop production problems. Tremendous developments and advances in agriculture are now taking place. Consequently, farmers should make every effort, sometime during the summer months, to visit their nearest Experimental Farm, Illustration Station, or provincial Agricultural School, or to attend an Agricultural Field Day.

Country Fairs. Then there is the Agricultural Fair. A day at the Fair can, of course, be devoted entirely to entertainment, or it can be made extremely valuable in an educational way. True, the Grandstand, the side shows, and other amusements are a necessary part of the modern country Fair, but they are not, and should not be considered, as important as the educational features of the Fair. Be sure and visit the various displays and exhibits at your local Fair. You will find them not only attractive and interesting, but instructive as well. And don't forget, your local Fair needs and deserves your fullest support.

BRIGHT SAYINGS

The Editor will pay \$1.00 for each child's saying printed. To qualify, item must be true, personal remarks of a child known to the writer. Address: Bright Sayings, P.O. Box 4430, South Edmonton.

My three-year-old son was looking through the window at the the moon one evening. The moon was very new and you could still see the faint outline of the full moon. He said, "Daddy, come look quick, the moon is crawling in a hole."

MRS. W. TULLY.

Mayerthorpe.

Increase In Edmonton Voters

EDMONTON — About 120,000 Edmontonians will be eligible to vote in the next federal election. This figure represents an increase of some 26,000 over the number eligible to vote in the 1949 election.

HERE'S HEALTH

"If I eat five small meals a day I find it best," says Granny May. "It tends to ease the work impact on one's now old digestive tract."

Dept. of National Health and Welfare

Health Unit Notes

At this time of the year when hot weather demands a different kind of daily diet it is a good time to mention a few things about the different factors which are required in the normal human food intake. A deficiency of any vital item in the diet can lead to deficiency diseases just as surely as invasion of the body by a germ can cause illness.

Proteins are essential for body growth and the formation of "new parts" necessitated by wear and tear. The best sources of protein are: fish, poultry, meat, milk, cheese, eggs, nuts and dried peas or beans.

Minerals . . . about fourteen are important to the body but a lack of calcium, phosphorous, iron and iodine cause easily recognizable diseases. Calcium and phosphorous help to build strong bones and healthy teeth. Milk and cheese are the chief sources of calcium, while phosphorous is also supplied by egg yolk, fish and cereals. Iron is essential in the formation of the red blood cells and women and children usually need more than men. Good sources of iron are: liver, kidney, heart, egg yolk, molasses, dried fruits, whole grain cereal, dark green leafy vegetables and maple syrup. Iodine, in very small amounts indeed, as in iodized table salt prevents simple goitre.

Water . . . the body is like a big chemical factory . . . it must have some water every day to carry on its manufacturing processes.

Vitamins . . . many people are vitamin conscious today but remember that science probably does not yet know all the vitamins which the body needs so the most sensible thing to do is eat foods which provide us with a good ration of all the known vitamins. Such foods are: milk, butter, fresh fruit, vegetables, whole grain cereals and some meat.

Just a word about scabies, as the health nurses are often asked about this trouble: It is an itchy skin disease caused by a small parasite which burrows into the unbroken skin. It occurs most frequently on the hands and arms but may sometimes be found on the trunk and legs. The itching is most noticed at night when the child is in bed and warm; this is the time when the parasite goes deeper into the skin layers to lay its eggs. Itching is often quite intense and the child scratches so much that his finger nails may cause secondary infection that can be more serious than the original parasitic infection. Scabies is readily spread by personal contact. The treatment is fairly simple and you will need advice on the proper care of the bedding, sleeping garments, and underclothing of the infected child. Do not try any home-made cures for

Nude Woman Climbs Into Neighboring Tree While On Night's Sleep-Walk

ENID, Okla. — A 27-year-old Enid housewife, who sleep walks at midnight when the moon is full, was found nude, picking leaves 20 feet up in a tree.

Police answered a call from her distraught husband, who was unable to find his wife.

He told authorities his wife often walked in her sleep and it was always when the moon is full and around midnight.

Police reported the following events:

The husband found his wife

scabies or you may do more harm than good. Also remember that this disease is usually seen in children but can spread to the adult member of the family.

DDT in the home . . . be careful, it is poison and don't use it when food is exposed. Flies seem to be killed more effectively if you use a brand of insecticide containing pyrethrum as well as DDT.

missing from her bed shortly after midnight.

He searched the neighborhood and was unable to find her. Alarmed, he called Enid police who also started searching the area. The woman was spotted in the tree as a full moon illuminated the weird scene.

The woman, still asleep, was nude and picking leaves while she balanced on a limb 20 feet in the air. The fire department was called and rescuers working silently so that the woman wouldn't be startled, stretched a life net under the tree.

The husband then climbed the tree, carefully wrapped his shirt around his wife and gently awakened her.

She fell into the net and he followed, grabbing his frightened wife before she could run off and hurt herself.

The search for truth is the highest form of human endeavor.

2 Beverage Rooms Suspended 10 Days

The Alberta liquor control board announced that two Alberta beverage rooms have drawn 10-day suspensions.

Board officials said a Calmar, Alta., hotel had its license sus-

pended for unsatisfactory operation of a licensed premises, and a Morrin, Alta., hotel was suspended for selling beer off premises and for remaining open after regular hours.

\$1 for EMBARRASSING MOMENTS

The Editor will pay \$1.00 for every item published on "The Most Embarrassing Moment of My Life." To qualify, items must be true, personal incidents. Address "Embarrassing Moments," P.O. Box 4430, South Edmonton.

One day we went to a picnic and I was wearing a pair of gabardine slacks and blouse.

A few of us girls arranged a team and we were playing against the boys. I hit the ball and was running to first base when all of a sudden my sister says, "There goes her 'gaber-bag.'" I sure was embarrassed.

Tiny.

Meadowview.

A young lady came into my shop the other day and stood scanning the toy shelf with a very puzzled expression on her face. Finally she came out carrying a toy egg beater—with bowl attached. She said "Well, this must be it!"

Her young sister had been very explicit about the birthday present she wanted. She had described it as "something that went round and round and sat on a jar."

THE LIGHTER SIDE

A doctor was diagnosing the complaint of a pretty young girl. "You've got acute appendicitis," he said at last. The girl sat up indignantly.

"Say, don't get fresh," she said. "I want to be examined, not admired."

"So you let your husband carry a latchkey?"

"Oh, just to humor him. He likes to show it to his friends to let them see how independent he is—but it doesn't fit the door!"

Fair Patient: "They tell me, doctor, you are a perfect lady killer."

Doctor: "Oh, no—no—no! I assure you, my dear madam, I make no distinction between the sexes."

"Is your husband fond of home cooking?"

"Oh, yes, we always dine at a restaurant that makes a specialty of it."

"I can't imagine how you get money out of your husband."

"Oh, I simply say I'm going back to mother, and he immediately hands me the fare."

Doctor: "Tell your wife not to worry about the slight deafness. It's merely an indication of advancing years."

Husband: "Er, doc, would you mind telling her yourself?"

Why Waste the Money?

"Lighthouse no good for fog," says a Chinese. "Lighthouse he shine, whistle he blow, fog bell he ring—and fog he come in just the same."

Friendly Comment

Mrs. 'Iggyins—That Mrs. Briggs was boastin' as 'ow she comes from a fine family. An you've come a good way, I says pleasant like.

Sidestep

"You said you'd give me a check for \$25,000 when I married your daughter."

"Why certainly. For \$25,000 I'd give anybody a check."

Suppose So

Crandall — Have you heard about Grimes? He was arrested today on the golf links.

Greenback — For driving while intoxicated, I suppose.

Pessimistic Outlook

Actor (making speech after punk play) — I wish I could thank you individually.

Galleryite — Tomorrow night you will be able to.

Mr. Webster at Home

"Say, Dad, what is a statistician?"

"He's a man who goes to the aid of figures when they can't lie by themselves, my son."

Criminal: One who gets caught.

Echo: The only thing that can cheat a woman out of the last word.

To Give Courses in Water Safety

EDMONTON (BUP) — Courses in water safety will be given at five Alberta beaches in July and August.

Talks and movies will be given every Saturday afternoon from now on, and demonstrations with canoes, rafts and row boats will be given by W. D. Ross, Ken, Hodger and Murray Smith, who are all members of Alberta's "Don't Drown Committee."

Tentative dates are: At Seba Beach, July 18-19; Alberta Beach, July 25-26; Sylvan Lake, August 8-9; Aspen Beach, August 15-16; and at Ma-Me-O Beach August 22-23.

Boating Party Ends In Death

EDMONTON (BUP) — A boating party on Cooking Lake, 20 miles southeast of Edmonton, ended in tragedy with the drowning of Russell Laycock, 27, of Edmonton, and formerly of Raddison, Sask.

RCMP reported Laycock drowned about 1:30 a.m. when the boat in which he, another man, and two women were riding suddenly capsized.

Laycock, a non-swimmer, floundered in the cold water, but Peter Young, of Redwater, and Rosalyn Steffure and Laura Lavbigne of Edmonton swam to shore.

No inquest will be held.

Won Edmonton Sun Calf-Roper Watch

Official announcement by the Edmonton Exhibition Board has been made of winners in the recent Rodeo events. John Hawk, of Hardisty, won the Calf Roping event and was presented with an engraved wrist watch on behalf of T. W. Pue, publisher of the Edmonton Sun and other Community Publications newspapers.

Lions Report "Most Successful Year" At Chicago Convention

CHICAGO (Special) — S. A. Dodge, Detroit, Michigan, is the new president of The International Association of Lions Clubs, (Lions International). He was elected by unanimous vote at the 36th annual convention of the Association which closed at the Chicago Stadium recently. Dodge succeeds Edgar M. Elbert, Maywood, Illinois.

The convention concluded the most successful year in the history of Lions International, according to the report made by R. Roy Keaton, Chicago, Illinois, Director-General of the Association. He reported that during the twelve-month period ended June 30, 1953, there was an addition of 915 new Lions Clubs and 26,058 men to the roster of the Association, and that the total as of May 31, 1953 is 10,260 clubs and 475,013 members. He stated also that during the fiscal year Lions Clubs were established in eight additional countries: Paraguay, Lebanon, Morocco, Scotland, Austria, Luxembourg, Algeria and Liechtenstein. He added that Lions International is the largest, strongest and most active service club organization in the world, with Lions Clubs in 45 countries on six continents.

Dodge, in accepting the presidency, said: "Personal integrity; codes of honor in our business and professions; a living faith; these my friends, are the ideal which I will always encourage, these are the objectives toward which we shall ever struggle, to the end that in some distant day they may permeate the hearts and minds of all men everywhere and bring about a new day in which men shall beat their swords into plowshares and thoughts of hate and greed and power shall give way to thoughts of kindness, generosity and tolerance, that we, in truth, may become instruments of His peace, and where there is hatred, we may sow love; where there is injury, pardon; where there is doubt, faith; where there is despair, hope; where there is darkness, light; and where there is sadness, joy. Faith in man—faith in country—faith in God, 'tis down this road we shall eventually find peace on earth."

LOST AND FOUND

LOST—3 Heifers, two with white faces and one with white and brown face. Edward Bork, Styal, Alberta. CJ 18-25

Polio In Alberta Totals 27 Cases

EDMONTON (BUP)—Provincial health officials hopeful that 1952's poliomyelitis epidemic will not be repeated in Alberta this year, reported today that only 27 cases have been uncovered so far. The latest victim is a Calgary boy.

Dr. Norman Baster, director of communicable diseases, said it is still too early to determine a trend in the 1953 outbreaks, but added that a "close watch" is being kept in an effort to find out whether the polio situation will become serious.

Alberta went through its worst polio year on record in 1952, when there were 774 cases, which included 81 deaths.

The health department pays for hospital care for polio victims after a 14-day isolation period and supplies rehabilitation training.

Health officials say they expect a definite trend in the 1953 polio incidence to be established by mid-month.

dren, both married, Catherine who resides in Detroit with her family, and John, a lieutenant in the United States Air Force.

Sports Day Successful Despite Weather

ROCHESTER—The Sports day held on July 3 was fairly well attended despite dismal weather. The entertainment consisted of ball games, races and many games. The ball games were the highlight of the picnic.

The towns competing for top money were Jarvie Seniors, Perryvale, Rochester was also

Rochester Seniors, Perryvale and victorious 34-1. This game was Rochester Pee Wees and Perryvale and Rochester married ladies.

Several showers during the games delayed them somewhat. The first ball game commenced at 1:00 o'clock with Rochester Pee Wees playing Perryvale. Rochester was victorious 7-1.

The second game was the Rochester married ladies and also up a team.

Another game was to be played between Rochester and Tawatinaw but there were not enough players from Tawatinaw to make up a team.

Rochester News Briefs

Mr. and Mrs. Lynn Turner (nee Beryl Betts) visited the home of Mr. and Mrs. Arthur Betts. Mr. Turner was employed in Saskatchewan.

The play-offs began at the grounds on July 5. Fairhaven tangled with the Rochester Seniors to bring a very thrilling game. Fairhaven was victorious

with a score of 8-7.

Another play-off was Rochester Pee Wees and Perryvale. Pee Wees. Rochester was victorious with a score of 5-2.

The Optimist

A man in Bellingham, Wash., who was finally apprehended and charged with being AWOL for 23 years, declared: "I must have a lot of back pay coming."

More for your money...

more engine power!

Chevrolet Trucks offer you a selection of four famous valve-in-head engines to match load, grade and schedule. The two great 235.5 cu. in. Loadmasters (conventional and C.O.E.), the 248 cu. in. Torquemaster, and the 270 cu. in. Workmaster—all feature full-pressure lubrication and improved Power-Jet carburetion for longer life, smoother performance and extra economy.

more braking power!

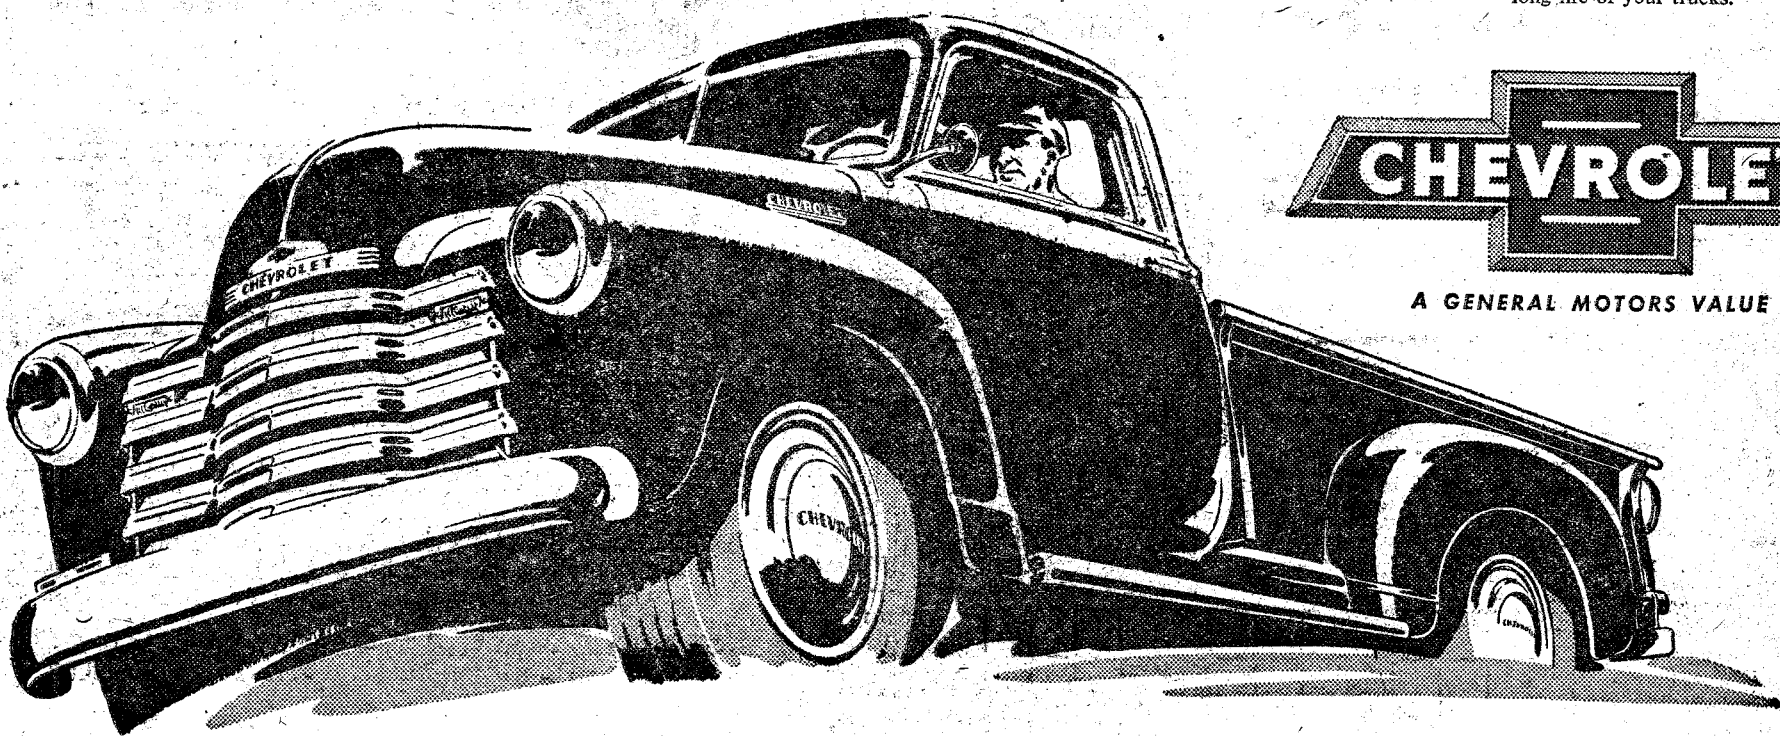

Twin-Action rear Brakes and Torque-Action front brakes, both with long wearing linings effectively sealed against dirt and moisture, combine to provide effective braking for greater safety and driving ease. Torque-Action front brakes are standard on all models. The positive Duo-Shoe parking brake on H.D. models, mounted at the rear of the transmission, eliminates cable stretching and greatly reduces service adjustments.

more staying power!

Now, heavier, stronger, more durable frames increase rigidity, add to ruggedness and stamina of all 1953 Chevrolet trucks. Long famous for their ability to take the toughest jobs day after day, Chevrolet trucks are now brawnier, sturdier than ever.

more economy!

The new and greater stamina of 1953 Chevrolet trucks plus extra gasoline economy in heavy-duty models with improved valve-in-head performance reduces hauling costs per ton-mile, brings you greater over-all economy throughout the long life of your trucks.

Here are a few things we think are worthy of your consideration before you buy your truck.

In 1953, Chevrolet trucks are more rugged, have huskier and more rigid construction than ever in the past. This means longer truck life and lower over-all costs to you.

You'll find the increased horsepower

and higher compression ratios of the four great valve-in-head engines bring you greater power, greater stamina, greater performance, greater ability to do the job. You'll find that means faster acceleration, greater ability to climb the steepest grades. And you'll find a wonderful gain in gasoline mileage, too!

As any owner of a 1953 Chevrolet

truck knows, these are the sturdiest, most powerful trucks Chevrolet has ever built. In every load range, they have proved themselves to be the world's leading money-makers on any hauling job.

Before you buy, drop in at our showroom and talk things over. Let us show you why it's better business to buy Chevrolet Advance-Design Trucks.

Perryvale Church Scene of Pretty Wedding

PERRYVALE — A wedding of wide interest was solemnized in Perryvale Roman Catholic church on June 26 when Miss Elsie Josephine Lehto, youngest daughter of Mr. and Mrs. M. Lehto of Perryvale, was united in marriage to Mr. Michael Balascak, younger son of Mr. and Mrs. Balascak of Tawatinaw. Rev. Father Murray officiated at the ceremony.

Given in marriage by her father the bride wore an ankle length dress of white lace styled with inserts of accordion pleated nylon. A halo of pleated nylon held her shoulder length veil in place and she carried a colonial bouquet of red rosebuds.

Mrs. Helen Barabash, sister of the groom, was matron of honor and Miss Rena Tibbet was bridesmaid.

Mrs. Barabash's dress was an ankle length model of green lace and net styled with full skirt. With it she wore a matching Juliet cap and carried a nosegay of pink roses and carnations.

Miss Tibbet's dress was an ankle length model of yellow lace similarly styled. With it she wore a matching bandeau in her hair and carried a nosegay of mauve carnations and pink roses.

Little Connie Hansen was flower girl. She wore a pale blue nylon dress fashioned with full hooped skirt. A bandeau of flowers was in her hair and she carried a

basket of spring flowers.

Page boy, Larry Nicholls, nephew of the bride, wore a navy blue suit.

Ushers were Mr. Ernest Lehto, brother of the bride, and Mr. Michael Barabash.

Ushers were Mr. Harry Lehto, brother of the bride, and Mr. M. Barabash.

Following the ceremony, a reception was held at the home of the bride's parents. Receiving with the bride and groom, the bride's mother, Mrs. M. Lehto, wore a dress of powder blue lace with navy accessories. A corsage of pink carnations was pinned at her shoulder. The groom's mother, Mrs. Balascak, wore navy blue and white accessories and corsage of pink carnations.

The tables were set on the lawn and the bride's table was centred with a three-tiered wedding cake.

A wedding dance was held in Perryvale Hall the same evening. The bride and groom left on a honeymoon trip to Banff and Jasper. For travelling the bride donned a grey suit with accessories in pink.

Following their return Mr. and Mrs. Balascak will be at home on the groom's farm at Tawatinaw.

Perryvale News Briefs

Speedy recoveries are wished to Mrs. E. Magnant, Mr. M. Lehto, Mr. D. Reneau and Heuston.

Mrs. J. Thomas and the children have been visiting at Sundre, Alberta.

Mr. and Mrs. E. Lind and family of Edmonton are visiting at the home of Mrs. Lind's mother, Mrs. E. McCluskey.

Miss Joy Ward and Miss Joyce Clark were recent visitors at home here.

Master Dennis Visittieu of Edmonton was visiting at the home of his grandparents, Mr. and Mrs. P. Ward.

A good crowd attended the Sports Day here on July 7. The hall board wishes to thank all those who worked so hard to make the event the success it was.

In the sports, Perryvale Pee Wees defeated Boyle. Rochester married women's team defeated

our local team and the local married men won over the Juvenile team. A dance in the evening completed Races and a peanut scramble the event.

Says...

"IF A BIRD IN THE HAND IS WORTH TWO IN THE BUSH—HOW MUCH IS A FULL STORAGE TANK WORTH IN A BUSY SEASON?"

Now is a good time to have that storage tank full of Imperial Tractor Fuels. Then you'll be able to go full steam ahead when you start to get busy.

If you don't have a storage tank... see someone who has. He'll tell you it's a fast, safe and convenient way of storing and handling gasoline. He'll tell you, too, that getting a storage tank was one of the smartest moves he ever made. And when you get your tank, it'll be a smart move to get it filled with Imperial Tractor Fuel.

Caslan News Briefs

Mrs. Albert Meyer and son Randy returned to Edmonton after a week with the former's parents.

Mrs. L. E. Krueger has gone out to look for employment.

Mrs. M. Holosh has gone to Webster and plans to visit her daughter Mrs. P. Korchowski for about a month.

Mrs. A. Chermiwan of Lac la Biche visited relatives here.

The Kapehanko family were visiting relatives here recently.

Mrs. and Mrs. S. Cisko returned from the States and Miss Rosie Bazilny accompanied them to Caslan for a few days before returning to her job in Edmonton.

Mrs. W. Meyer had her two sons

to Lac la Biche for medical attention.

Mr. and Mrs. Wm. Wolansky had a party to celebrate the christening of their daughter on July 9.

Mr. and Mrs. J. Stephanuk were visitors at Caslan recently.

Mr. and Mrs. Wm. Chermiwan were visiting relatives here.

Mrs. J. Kuratias was a visitor in Lac la Biche recently.

Venice News Briefs

Mrs. Johnny Favro and son from Sangudo are at present visiting her parents Mr. and Mrs. Ferro from Venice.

Mr. and Mrs. Mike Biello have gone on their holidays. They are to take in the Calgary Stampede.

A fairly large crowd attended

the farewell party held in honor of Mrs. M. N. Kuhn on July 3. Mrs. Kuhn is leaving Venice for some time.

Mr. and Mrs. Adiodo Tingras and daughter from Vimy are visiting relatives and friends at Venice.

Cyrus Ching is expected to head the atom labor panel.

Car Damaged In Accident

ROCHESTER — An accident west of Rochester occurred recently when Mr. J. Lestrowich of Jarvie, en route to the picnic at Rochester, had stopped his truck quite suddenly on the road. Mr. A. Anderson, following behind, ran into the rear of the truck.

The truck driven by Mr. A. Anderson was extensively damaged in the front. Mr. J. Lestrowich's truck sustained very little damage.

No definite decision was made on costs of the damages.

WD TRACTION BOOSTER

Gives You More Work Power

When you set the hydraulic lever on the WD Tractor, you can add as much as a thousand pounds of weight on the rear tractor wheels.

As the drawbar load increases, the hydraulic system uses the weight of the implement plus the weight of the soil to bear down on the wheels. Location of the implement behind the tractor gives it leverage, which multiplies implement weight at the tractor axle.

It's entirely automatic. The tractor selects the amount of weight needed. And it's all a part of the complete WD hydraulic system—no extra equipment.

Stop in and let us show you how the WD will do drawbar jobs which ordinarily require a much heavier tractor.

**NO TIME
FOR DELAY
at
HARVEST**

Harvest is the reward for the year's work in the field. However, an efficient job of harvesting is necessary if you are to reap the entire reward. Much can be lost through delays, breakdowns or poor operation of harvest equipment.

For this reason, most farmers pay special attention to their harvesting equipment. Modern machines have greatly reduced the labour requirements of harvest. However, the machines wear out and the purchase of new equipment means a major expenditure before the returns from harvest are available.

Should you need new harvest equipment, there is no need to attempt the harvest with worn-out machines. Imperial Bank Farm Improvement Loans are available to help you purchase the machines best suited to your needs.

The Loans for as much as two-thirds of the purchase price of the machines up to \$4,000 are available. They are repayable in not more than 3 years with simple interest at 5%. These loans are available not only for the machines to harvest the crop but also for trucks in which the harvest can be hauled and moveable granaries in which the crop can be stored.

Your local Imperial Bank Manager understands the requirements of farm finance and will be glad to give you full information on how to obtain a Farm Improvement Loan. Drop into his office for a chat.
